Provincial Government Grants Available for Staff Training! CALL 778-278-5859 today. We can help with the process and answer your questions

The Ministry of Advanced Education and Labour Market Development has established a new initiative, the **Workplace Training for Innovation pilot Program (WTIP)**. The program is design to provide funding to eligible employers with less than 50 staff for the employee training of their choice, delivered by the training provider of their choice. Through WTIP, employers decide on the training and the training provider best suited to assist them to improve productivity, enhance competitiveness, and/or introduce new technology, equipment or work processes. There are hundreds of training options available across the province for employers to choose from, including colleges or private training institutions.

The Ministry of Advanced Education and Labour Market Development has not pre-approved nor endorsed any courses, programs, or training providers with respect to WTIP.

For more information please visit the WTIP website
